FLAG OF THE UNCLE SAM PIPELINE AND REFINERIES RAPIDLY BUT SAFELY ADVANCING

Persecution by the criminal oil trust and their railroad ailies is driving whole Persecution by the criminal oil trust and their railroad allies is driving whole regiments to the support of our cause. Remittances for stock and refined oil are pouring in from all over the United States. Lots of deals are being closed by wire. Total net sales for stock and oil the past week were \$27,610.00—\$13,310.00 of this was cash and balance will be paid in on monthly installments. Besides this, thousands of new investions are considering the purchase of Uncle Sam stock, and will likely do so duffing the next ten days. Chances are a thousand to one that all the stock will be paced in the next 30 days. If not before. Better that the first particular to the besides to the particular of the stock will be paced in the next 30 days. If not before. Better help yourself and this organization, too, by joining our hand to-day.

Company over (\$100,000,00) four hundred thousand dollars yet to complete He great work. However, \$300,000,00 is all we need, leaving \$100,000 to handle our rapidly growing business. Say what you may, go where you will, but you cannot find an investment in all the fair land of the United States that offers you as practical an investment, and one as certain of handsome returns as Uncle Sam stock. The stock is as good as gold, and is in great demand, as can be proven by our books. and is as sure to double up in value in the next 60 to 90 days as water finds its

Company has just closed deal for fifty-seven miles more of main trunk pipe line, which will be delivered and completed during the next six weeks. Thus every day the assets back of the stock are increasing, hence the value of the stock must and will greatly increase. For more than one long year this great, independent Company has been hummering its way through to success. Off trust paid knockers Company has been minimering its way through to status and all manner of evil, and blackmullers have belittled it and prophesied failure and all manner of evil, but it is for right and in time will who, and although battle scarred, the Uncle is still in the ring, and has to-day a following that all of the inmillions of the criminal oil trust and their perjured hirelings cannot hinder or delay;

UNCLE SAM REFINERY NO. 3 UNDER CONSTRUCTION AT TULSA, INDIAN TERRITORY.

From the Arkansas River to the Missouri is the lineup of the Unele Sam, with its chain of three great refineries under construction. Company has twelve acres and sixty-seven lots at Tulsa, and work has commenced on foundations, and the first carload of material shipped from the East. Don't wait until all this great work is completed, and then even expect to buy this stock at three times the present selling price.

MAIN TRUNK PIPE LINE TO THE MISSOURI RIVER NEARLY HALF COMPLETED.

Uncle Sam Company will be independent. Just a matter of a few months until the company will have this pipe line completed and over it we can transport oil to mavigable water at a saving of over a half dollar per barrel above freight rates. This saving alone would pay large interest on stock at present prices.

WHEN YOU BUY THIS STOCK YOU SECURE AN INTEREST IN ALL THREE REFINERIES

AND THE PIPE LINE.

This company already has great assets back of the stock, and is increasing them every day. When you buy the stock you secure an interest in all three refineries and the pipe line. WILL SECURE AND HOLD THE OIL TRADE OF THE

MISSOURI VALLEY.

Men and women all over the United States are fighting with all their might the aggression of the criminal trust. Uncle Sam Company is the formidable foe that all can raily with, and they are doing it. It takes time to defeat every great evil. The days of the oli trust's career of crime are numbered. Just a matter of a few months until Uncle Sam Company, backed by the common people, will be able to supply the markets, and the oil trust will be unable to sell their goods, for every loyal man and woman despises them, and will boycer their stolen oils and the hirelings and agents who handle them.

PEOPLE CONSIDER IT AN HONOR TO BE NUM-BERED WITH OUR BAND.

Our company now has nearly seven thousand (7,000) sharcholders, representing every State and Territory in the Union, also Old Mexico, Canada and several places across the sea. Larke numbers of these stockholders are in Kanasa, Okahoma, Missouri, Arkansas, Nebraska, Iowa and Illinois. In these States this company will sell its output. These men have subscribed from \$20,00 to \$2,000,00 out of principle and love for a square deal. We have as loyal a band of influential men and women as ever enlisted under any flag or fought for any cause. They are working among their friends, they are increasing their stock, and the days are numbered that anyone will be able to secure the stock under a half dollar per share.

We ran complete our great work by selling the stock present prices. Every dollar raised goes to buy ple nea and refinery equipment to make the very stock you more valuable. For the past three months remitnees have been stendily gaining until the last two ceks have been record breakers.

THOUSANDS ARE FIGURING ON THE STOCK. There are enough deals now pending to sell the bal-ance of the stock five times over. Investors realize the price is right and see that Uncle Sam will win the day.

TELEGRAM WIRES WILL BE TICKING ORDERS This announcement will be glad news to hundreds of investors who will be glad that an opportunity is still left for them to join our-band at the old price.

MISSOURI WILL **OUST THE OIL TRUST**

Every day justice is making inroads against the criminal triest. After all the delays known and every obstacle possible placed in Attorney General Hadioys way by the oil trust attorneys, he has finally! won' and has 'proven his ease in Missouri. The days are now numbered that the oil trust can do business in Missouri. This leaves an opening for the independent refinerless, for a square doat is all they need or have ever asked for, and this they are entitled to. For the past three months the Unele Sam Company has crowded work on the big river refinery, and has additional locations selected in the best trade center of Missouri, ready to run Unele Sam's refined oil into the State as quick as Refinery No. 2 can be started to supply the trade. Just a matter of a few months until all this will be accomplished. On every hand one can see the oil trust losing its criminal control of the oil markets. This gang of outlaws, like all others, have run their race, have reached the zenith of their power and are going down hill. There are great profits to be made in the refining of oil on a legitimate basis. Uncle Sam Company is the only large enterprise in a position to step in and take care of the trude. This will be done; our oil stations will soon be all over Missouri and our stock gone to par. Missourlans are backing Uncle Sam. There are over four lundered stockholders in the State, and more joining every day. One man near Jefferson City invested \$500,00 last Saturday in Uncle Sam stock, while some time back a Missourlan to 30,000 shares at \$5,600,00.

NET SALES WILL GAIN THIS WEEK.

From telegrams and letters received, we believe tweek's remittances in cash will run to over Twe Thousand Dollars (\$20,000.00). They ran \$12,410.00 weeks ago and \$13,220.00 last week with hundreds of juirers who will remit this week.

HISTORY WILL REPEAT ITSELF.

The very fact that thousands of people are backing this great independent enterprise and that now, after over one year of abuse and blackmail, with every difficulty possible thrown against it; with perjurers traveling over the country belifting its motives and purposes, and mow that the lie has been given to the whole gaing and the oil trust recognizes that it is a real foe and going after the trade of the Missouri valley more determined than ever, people will make a rush for the balance of the stock and thereby make it possible for us to complete our great work without further delay.

Don't while away your time thinking you will have all spring to buy stock at present prices. Remember that every minute, hour and day letters brinking checks and drafts are being mailed from all over the United States. THIS ANNOUNCEMENT WILL BE READ BY OVER TWENTY MILLION PEOPLE.

Uncle San Company has a low rate with the newspapers because the press of the land are with us in the fight for a square deal in the oil fields and this announcement will apear in the leading influential newspapers from the Atlantic to the Pacific and from Canada to Mexico, and you need not be surprised to see the stock all old or advanced to 50 cents per share before you see another announcement.

WILL COMMENCE PAYING DIVIDENDS JUNE 20, 1906. As before stated the company has one great refluery in successful operation at Cherryvale. This refinery is making big money for the company. Earnings from this refluery are now being set aside to pay the June 20 div-dend. If one refluery can carn a dividend on this stock what will two more large ones do?

INVEST YOUR MONEY WITH THOSE WHO SUCCEED One success generally follows another success. Uncle Sam Company is not yet fully stirrted, but in due time will shave all Airce of the refineries running to their full capacity.

Por several months there has been a system of blackmail against the Uncle Sam Company. Certain hirelings of the oil trust have secured cuterate advertisements on Uncle Sam stock and sneaked them into some of the large newspapers. These parties have no stock and when investors run them down or send them money they generally lose it or have trouble. Some of these notices have the address of Cherryvale, when the facts are that not a single share of legitimate stock can be bought under the market price. The thieving oil trust is resouceful and there are a few people ready to do their bidding and a few of these traitors, sorry to say, can even be found in Kaisas, but the time is coming when the State will not harter these enemies of home industries. When you want stock remit direct to the company and you will receive same promptly and your money will go at once to buy more pipe line and refinery equipment and make the very stock you buy more, viliable. PAY NO ATTENTION TO OIL TRUST FAKE STORIES

Every day the oil trust through their different deceitful channels try to spring something new ugainst the Uncle Sam Company in the hope of searing investors against their true interests. The oil trust knows that if the money keeps coming for Uncle Sam stock that our pipe line will be built, reflueries completed and the company made independent. These persecutions and iles generally react in our favor and don't let them fool you while wiser investors secure the stock you want. OVER \$460,000 CASH ALREADY PAID IN It will be but a matter of a few days until the Hair Millon Dollar Mark for The Uncle Sam Company will be reached. This amount of money backed by nearly seven thousand stockholders and their friends mean a power for success. A great deal of this money has been envester where it has increased fivefold in value and is still drowling.

ONE MILLION DOLLARS CASH AND TEN THOUSAND ONE MILLION DOLLARS CASH AND TEN THOUSAND STOCKHOLDERS
Will be back of this company inside of four months. NORFOLK, VA., March 28.—It. is estimated that of the force of nearly 3,000 men normally employed at the great government navy yard in this city, some (30) or 700 are now out of regular employment. Lack of work for some of the trades employed in the navy yard is responsible for but a small proportion of the discharges that have been made in the past two months.

but a small proportion of the past two months.

For every one of the skilled men who have been allowed to leave the station there has been plenty of work. Owing to the fallure of Congress to appropriate money sufficient to cover the deficiency caused by the extraordinary expenses incurred for various purposes, but principally for the alternation of warships fresh from the hands of their contract builders, it has been necessary to reduce the force. The naval officers in charge of the several departments of the navy yard have had no option in the matter, but whenever there is danger of exceeding the appropriations available for any one month the furloughs for six, ton or iwenty days are made out and competent workmen laid off. It is frequently the case that when these men report for duty at the expiration of their furloughs they are again sent home, still on "waiting orders," but without pay.

Delays on the cruisers Olympia, Minneapolls, Neverth and other vossels at the yard for repairs and to the torpede fieldla, fitting out for the the Far East, are inevitable under present conditions.

BARN BURNED.

Entire Crop of Fodder and All Farming Implements Destroyed

Farming Implements Destroyed
(Special to The Times-Dispatch.)
GLOUCESTER, VA., March 26.—A large
barn and granary belonging to Mrs. Richant Page, at Shelly, was burned Sunday
at 8 o'clock. When the fire was discovered it was impossible to save any
of the contents of the building, which
consisted of Mr. Page's entire crop of
eorn fodder and all of his farming implements. Mr. Clocl Page, son of Mrs. Richard Page, is one of the best and most
industrious young farmers in Gloucester.
Mr. Page had made a large crop of corn,
and was expecting to make a sale of a
portion of it shortly. The ground was
covered with snow, and no footprints were
found near are building, therefore the
origin was not incendiary. It is supposed some one dropped a match in the
building.

HILL CITY STRIKE NEARING ITS END

Company Will Not Re-employ . Men Who Are Now

Out.

(Special to The Times-Dispatch.) LYNCHBURG, VA., March 26 .- As far as the management of the Glamorgan Pipe Works is concerned, the strike of last week, when two hundred machinists and foundrymen quit work, is at an end. To-day practically all of the foundrymes had returned to work, but about half of the fifty striking machinists failed to report. The company has determined not to re-employ the men out, and arrange-ments have been made to fill their places during the week with machinists from eastern Pennsylvania.

TRIANGULAR FIGHT.

Local Option and Dispensary in Same Election. (Special to The Times-Dispatch.)

ABINGDON, VA., March 26.-A new and novel feature of the liquor question has been raised in Abingdon. The recent Lesislature passed an act allowing the people to vote as to whether or not the town

ple to vote as to whether or not the town would have a dispensary.

A petition is being circulated in which Judge Hutton is asked to order a local option election for the town, thus making a three-cornered fight. The people who favor a dispensary contend that the move to hold a local option election has been instigated by the ilquor dealers to threaten the corporation with the loss of the entire revenue derived from the sale of whiskey.

This will raise a new legal question and the result will be watched with great interest by the people of the Commonwealth.
